

Jordan Tourism Board

Date: November 12th, 2018
Ref. No.: S/2/1/6/ 5022

Dear Friends,

Good day,

With reference to what happened in response to the temporary weather-related incident that took place in Petra on Friday 9/11/2018.

All touristic activities were suspended for Saturday 10/11/2018 as a precautionary measure, which resulted in the closing attractions across the Kingdom. All tourists are safe and none of them was affected. Please note that this measure was actioned solely to assure our guests' well-being.

All events and tourism sites and activities are fully operational now, and you can still enjoy the warmth and hospitality of Jordan and its people as you have always had.

We look forward to seeing you in Jordan in the near future.

Best regards,

Dr. Abed Al-Razzaq Arabiyat

Managing Director
